| #001 | Narrative: Forestry was called by Palmer 911 and informed of an escaped debris burn. I.C. Blydenburgh responded and upon arrival tied in with the Palmer fire department. Palmer fire dept. had deployed hose lays around the burning grass areas and suppressed this fire. The fire was caused by an escaped debris burn that ignited surrounding log decks and sawdust piles. The landowner worked separating log decks with an excavator as the Palmer fire dept. sprayed with water. Forestry prevention worked with the landowner on having safe debris burning and staying in compliance with burning guidelines. The fire was turned over to the landowner and was called administratively out at 09:45 3/24/10. | | | |
